Chapter 24 - SCC

WHAT'S THAT STAMP WORTH ?

This is an often asked question at our stamps club. It's an often asked question in stamp clubs the world over. And the answer is so much more than an intrinsic catalogue value. The value of that stamps is knowledge, friendship, camaraderie, and the sharing of a common passion. It is the pleasure of meeting old friends, and of making new ones. It's looking forward to showing off a special find or of asking a group, a question or two about a particular stamp or philatelic item that has you stumped. It's the unravelling of a mystery. It is being part of a group whom collectively, carry forward an incredible amount of knowledge and expertise that is there for the taking. It's based on trust. It's the sharing of a cup of coffee or of a beer while comparing ideas and information. It's a warm smile and the cracking of a joke. It's the hand shake at the closing of a deal. This is part of the true value of a stamp.

The Scandinavian Collectors Club of Manitoba invite you to join it's ranks and share in it's common adventure. New or novice, expert or specialized, it makes no difference. All are welcome. We are a group of about 18 members, each of whom collects stamps from one or more Scandinavian country. We meet twice a month.

That is the 2nd and 4th Wednesdays of the month , from September till May. Members often arrive early at 7:00pm and the meeting starts at 7:30 in the Norwegian room at the Scandinavian Centre. Membership fees are a grand total of \$8.00 for the year. For more information please contact the following... or just drop in. All are free to do so. Come and find out what that stamp is worth.

Sec/Tres.
